Flower Festival

Suggestions and details from Christine Avery who was involved with the two previous Festival.

Local Groups only invited to promote a Community spirit. Non competitive. Individual invitations to each Group or open invitation in Bar Hill News?

If a Group has no flower arranger but would like to participate, it is possible that one of the Church flower rota ladies would be willing to help, provided expenses of flowers etc are paid.

It would be necessary to know roughly what size containers or pedestals would be used so that the display could be planned.

Small tables or similar needed to give different heights to display and to allow grouping in corners to leave the main floor clear.

Displays to be numbered and name of organisation in the programme

Would flowering plants or small shrubs in containers be acceptable?

A rota of stewards would be necessary to secure Church premises.

Staging on Friday. Dismantling on Monday?

Disposal of any surplus flowers.

Tesco's flowers are of good quality and reasonably priced.

Betty Garnett.
